

New FSC® Certified Sheet Products

Sustainable business from sustainable labelling

Our new FSC-certified combinations meet market demand for environmentally responsible labelling that satisfies the highest quality standards.

These products replace existing grades. They will be introduced gradually as existing stock runs out, from February 2017 onwards.

Combination	Sales code	Adhesive	Size (cm)	Packaging (reams)	MOQ		Sheet EAN code
					Wrapped		
Offset-FSC	FHM/94-A/39/W0 FHM/94-A/39/W2	Permanent	64 x 45	250	10000	Solid, unprinted backing (W0)	7164861
						Score, unprinted backing (W2)	7164885
			50 x 70	250	10000	Solid, unprinted backing (W0)	7164854
						Score, unprinted backing (W2)	7164892

FSC (the Forest Stewardship Council®) is an international non-governmental organisation founded in 1993, whose task is to support environmentally appropriate, socially beneficial, and economically viable management of the world's forests. Forests certified against FSC standards are located in more than 60 countries. The Council has defined ten general principles of forest management. The actual certification standards are drawn up in accordance with the FSC principles in a national cooperation process. Fulfilling the FSC standard requires independent third-party verification.
